The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
1036 Longworth HOB
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Mountain Home Water Treatment Plant Generator Replacement Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Mountain Home, Arkansas, located at 994 Water Plant Road, Mountain Home, Arkansas 72653. The funding would be used to replace the emergency backup generator at the Water Treatment Plant's raw water intake facility on Norfork Lake. The project will strengthen the reliability and resilience of the City's drinking water system. The project is an appropriate use of taxpayer funds because the new generator will maintain uninterrupted raw water pumping capability through power outages, severe weather events, and other emergencies to all residents of Mountain Home and the city's wholesale water customers.

This project has a federal nexus because it is for the purposes authorized in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Eric A. Crawford".
