May 6, 2024

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Craighead Technology Park Infrastructure project for Fiscal Year 2025. The entity to receive funding for this project is City Water and Light of Jonesboro, located at 400 East Monroe Avenue, Jonesboro, Arkansas 72401. The funding will be used by City Water and Light to drill new water wells and install a new 30-inch water line on the property known as the Craighead Technology Park.

The project is an appropriate use of taxpayer funds because additional water delivery will aid in the development and improvement of the Craighead Technology Park as a regional economic hub. The Jonesboro Economic Development Corporation has invested \$4 million into the Park project, and that investment, coupled with the investments made by City Water and Light will provide economic growth benefits for the city, Craighead County, and the larger northeast Arkansas area, of which Jonesboro is the hub-city.

This project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project and neither does anyone in my immediate family.

Sincerely,

Eric A. "Rick" Crawford  
Member of Congress
